

Quantum Global Technologies, LLC Press Release

QuantumClean® and ChemTrace® to exhibit at SEMICON Korea 2015

Leading global providers of validated Atomically Clean Surfaces™ outsourced process tool parts cleaning, performance coatings, refurbishment, and analytical & engineering services for sub-20nm manufacturing processes to exhibit at SEMICON Korea 2015 tradeshow.

Quakertown, PA, USA. January 30, 2015 -- QuantumClean® and ChemTrace® today announced that they will be exhibiting at the SEMICON Korea 2015 tradeshow, held at the Coex in Seoul, South Korea from February 4th through 6th.

SEMICON Korea features the people, products and technologies advancing the future of microelectronics. QuantumClean® and ChemTrace® will be exhibiting at booth number 2408.

QuantumClean® is leading its industry in parts cleaning innovation that brings value to its customers. Our technical and commercial teams will be present at the booth throughout the show and welcome the opportunity to discuss solutions to your current and future parts cleaning and coating challenges and analytical requirements.

ChemTrace® is a recognized leading reference analytical testing laboratory primarily serving the semiconductor, solar and related industries by providing answers and solutions to its customers' micro-contamination related issues. Founded in 1993, ChemTrace® also provides independent analytical verification of process tool part cleaning effectiveness for many of QuantumClean's leading-edge semiconductor fab, OEM and OPM customers which have critical cleaning requirements.

About Quantum Global Technologies, LLC

QuantumClean® and ChemTrace® are divisions of Quantum Global Technologies LLC, which is headquartered in suburban Philadelphia, Pennsylvania, USA.

QuantumClean® is the global leader in sub-20nm outsourced process tool parts cleaning and restoration (including coating) services, tool part life extension and process tool part optimization solutions to the semiconductor wafer fabrication, OEM & OPM industries. Founded in 2000, QuantumClean operates technologically innovative *Advanced Technology Cleaning Centers®* built on the premise of providing customers *process improvement through consistently cleaner parts®* that exceed industry standards, dramatically reducing our customers' total cost of ownership. With eighteen *Advanced Technology Cleaning Centers®* located in nine countries, QuantumClean provides unsurpassed cleaning capability and convenience worldwide.
