

**QuantumClean<sup>®</sup> and ChemTrace<sup>®</sup> to exhibit at SEMICON Korea 2012  
Quantum Global Technologies, LLC Press Release**

*Leading provider of outsourced parts cleaning and refurbishment to the semiconductor industry and leading reference analytical laboratory exhibits at SEMICON Korea 2012 tradeshow.*

**Dublin, PA, USA. 26 January 2012** -- [QuantumClean<sup>®</sup>](#), the leading global provider of high purity outsourced parts cleaning and refurbishment to the semiconductor industry, and [ChemTrace<sup>®</sup>](#), a recognized leading reference analytical testing laboratory, today announced that they will be exhibiting at the SEMICON Korea 2012 tradeshow, held at the COEX convention center in Seoul Korea from February 7<sup>th</sup> through the 9<sup>th</sup>.

SEMICON Korea highlights the companies, technologies and people driving the future of micro and nanoelectronics design and manufacturing. [QuantumClean<sup>®</sup>](#) and [ChemTrace<sup>®</sup>](#) will be located at booth #1719 in Hall C at the COEX.

One major highlight of Quantum Global's exhibit will be to feature the recent purchase of Metron Chamber Performance Services and [ChemTrace<sup>®</sup>](#) analytical laboratories from Applied Materials, Inc. With the acquisition, Quantum Global is positioned as the only provider of outsourced process tool parts cleaning, coating and restoration services in the industry with fourteen service centers located in the U.S., Israel, Japan, S. Korea, Scotland, Singapore, and Taiwan, as well as three trace material analytical laboratories.

[QuantumClean's](#) customers benefit from the acquisition in six distinct areas: unparalleled expertise in cleaning, coating and refurbishment knowhow for new and process-contaminated parts, consistency of service worldwide, full service capability facilities, significantly expanded analytical laboratory services, and enhanced forensic and R&D capability.

**[About Quantum Global Technologies, LLC](#)**

[QuantumClean<sup>®</sup>](#) and [ChemTrace<sup>®</sup>](#) are divisions of Quantum Global Technologies LLC, which is headquartered in suburban Philadelphia, PA, USA.

[QuantumClean<sup>®</sup>](#) is the leading global provider of high-purity outsourced process tool parts cleaning and restoration services, tool part life extension and process tool part optimization solutions to the semiconductor wafer fabrication, OEM & OPM industries. Founded in 2000, [QuantumClean<sup>®</sup>](#) operates technologically innovative *Advanced Technology Cleaning Centers<sup>®</sup>* built on the premise of providing customers *process improvement through consistently cleaner parts<sup>®</sup>*

that exceed industry standards, dramatically reducing our customers' total cost of ownership.

**ChemTrace**<sup>®</sup> is a recognized leading reference analytical testing laboratory primarily serving the semiconductor, solar and related industries by providing answers and solutions to its customers' micro-contamination related issues. Founded in 1993, **ChemTrace**<sup>®</sup> also provides independent analytical verification of process tool part cleaning effectiveness for many of **QuantumClean's** leading-edge semiconductor fab, OEM and OPM customers with critical cleaning requirements.
