

## Quantum Global Technologies, LLC Press Release

### **QuantumClean® Achieves Global ISO 9001:2008 Certification under a Single Certificate**

**Quakertown, PA, USA. Date April 29, 2014** -- **QuantumClean®**, the leading global provider of validated high-purity outsourced process tool parts cleaning, surface treatment, refurbishment, analytical and engineering services to the semiconductor, solar and LED industries, today announced that all of its global Advanced Technology Cleaning Centers® are now certified under a single ISO 9001:2008 certificate.

QuantumClean® announced today that it has achieved a common ISO 9001:2008 certification for all 15 of its Advanced Technology Cleaning Centers®. Previously, QuantumClean's facilities were either individually ISO 9001 certified, or certified in groups of facilities under different registrars.

"This achievement is another significant step forward in our global integration plan, ensuring that customers receive the same high quality service across our vast network of Advanced Technology Cleaning Centers®," stated Tim Burrows, QuantumClean's Director of Global Quality.

Mr. Burrows went on to say, "QuantumClean's Quality Policy states that the Company is dedicated to consistently delivering *The Perfect Order™* to its customers through the application of rigid standard operating procedures, well-trained technicians, quantitative metrics and analytical methods, and continual improvement practices. Achieving global ISO 9001:2008 certification under one certificate is an important accomplishment to delivering the highest standard of services to our customers, i.e. *The Perfect Order™*."

#### About Quantum Global Technologies, LLC

**QuantumClean®** and **ChemTrace®** are divisions of Quantum Global Technologies LLC, which is headquartered in suburban Philadelphia, PA, USA.

QuantumClean® is the leading global provider of high-purity outsourced process tool parts cleaning and restoration services, tool part life extension and process tool part optimization solutions to the semiconductor wafer fabrication, OEM & OPM industries. Founded in 2000, QuantumClean operates technologically innovative *Advanced Technology Cleaning Centers®* built on the premise of providing customers *process improvement through consistently cleaner parts®* that exceed industry standards, dramatically reducing our customers' total cost of

ownership. With fifteen *Advanced Technology Cleaning Centers*<sup>®</sup> located in seven countries, QuantumClean provides unsurpassed cleaning capability and convenience worldwide.

**ChemTrace**<sup>®</sup> is a recognized leading reference analytical testing laboratory primarily serving the semiconductor, solar and related industries by providing answers and solutions to its customers' micro-contamination related issues. Founded in 1993, **ChemTrace**<sup>®</sup> also provides independent analytical verification of process tool part cleaning effectiveness for many of **QuantumClean's** leading-edge semiconductor fab, OEM and OPM customers which have critical cleaning requirements.
